### COURSE DESCRIPTION

This live symposium will explore the current treatment paradigms for the multi-disciplinary treatment of Head and Neck Cancer (HNCA). Recent data on this topic will be covered to apprise the audience of these rapidly evolving findings, and expert faculty will instruct participants on the optimal applications of these data through a series of panel discussions, case presentations and audience response input.

### TARGET AUDIENCE

This activity is intended for medical oncologists, radiation oncologists, surgical oncologists, dentists and other healthcare professionals who provide medical care for patients with head and neck cancer.

### CONTINUING EDUCATION CREDIT

The Emory University School of Medicine designates this live activity for a maximum of 6.5 *AMA PRA Category 1 Credits*<sup>™</sup>. Physicians should only claim credit commensurate with the extent of their participation in the activity.

Successful completion of this CME activity, which includes participation in the evaluation component, enables the participant to earn up to 6.5 MOC points in the American Board of Internal Medicine's (ABIM) Maintenance of Certification (MOC) program. It is the CME activity provider's responsibility to submit participant completion information to ACCE for the purpose of granting ABIM MOC credit.

The Emory University School of Medicine is accredited by the ACCME to provide continuing medical education for physicians.

### Other Healthcare Providers

### CONTINUING DENTAL EDUCATION CREDIT

Emory University School of Medicine is an ADA CERP Recognized Provider. ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry.

Emory University School of Medicine designates this live activity for 6.5 continuing dental education credits.

**Education Methods:** Illustrated lectures and discussion.

### SYMPOSIUM LOCATION

The conference will be held in the Georgian Terrace Hotel, 659 Peachtree Street, Atlanta, GA 30308. Self-parking is \$25. Valet is \$30. There will be free parking at the Emory Proton Therapy Center.

### REGISTRATION & EVENT INFORMATION

The registration fee includes course material, continental breakfast, breaks and lunch. Minimum and maximum enrollments have been established.

The liability of Emory University is limited to the registration fee. Emory will not be responsible for any losses incurred by registrants, including but not limited to airfare cancellation or hotel deposits.

### REGISTRATION FEE

Dentists - \$159  
Nurses/Residents/Students - \$89

### CANCELLATION

A refund of your registration fee can be received if cancellation is requested by email no later than March 22, 2019.

### LEARNING OBJECTIVES

Upon completion of this educational activity, participants should be able to:

- Explain cutting edge research data in the biology of oral cavity squamous cell carcinoma and therapeutic applications;
- Select optimal therapy for locally advanced HNCA including immunotherapy applications based on current recommendations and recent evidence;
- Apply best practices when integrating radiotherapy and immunotherapy in the management of patients with HNCA;
- Give examples of dental evaluations for patients undergoing radiation therapy;
- Describe the emerging role of proton therapy and identify which patients may benefit from this technology;
- Explain the surgical management of skull base tumors and reconstructive surgical approaches in HNCA.
