5th Annual Triple-Negative Breast Cancer Symposium

General Information

Course Benefits

The 5th Annual Jean Sindab Triple-Negative Breast Cancer (TNBC) Symposium provides an intimate learning environment in which the most current advances in TNBC will be explored. Nationally recognized speakers will review research, clinical experiences, and provide updates on current research in TNBC. TNBC affects young women and African American women disproportionately. TNBC has no targeted therapies and chemotherapy is effective only in a minority of cases. This symposium increases awareness of TNBC and focuses on current, ongoing research to improve outcomes for patients with this disease.

Target Audience

This course is intended for medical oncologists, radiation oncologists, surgical oncologists, radiologists, pathologists, physician assistants, nurse practitioners, nurses, and other healthcare providers involved or interested in the diagnosis, treatment, and management of TNBC.

Educational Objectives

At the conclusion of the conference, the attendees should be able to:

- Update adjuvant and neo-adjuvant approaches for treating patients with TNBC
- Discuss different pathologic subtypes of TNBC
- Update novel therapeutic approaches for metastatic TNBC
- Discuss local therapeutic approaches for TNBC
- Discuss molecular subtyping of TNBC
- Discuss IGF1R signaling in TNBC
- Discuss the role of DNA repair defects in TNBC
- Discuss issues, including fatigue, in breast cancer survivors

Core Competencies: Patient Care and Medical Knowledge

Continuing Medical Education

The Emory University School of Medicine designates this live activity for a maximum of 7 *AMA Physicians Recognition Award Category 1 Credits™*. Physicians should only claim credit commensurate with the extent of their participation in the activity.

The Emory University School of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Disclosure

It is the intent of Winship Cancer Institute of Emory University to assure that its CME activities are not influenced by special interests of individuals associated with its activities. Any potential conflict will be identified and resolved prior to the event, and any significant relationship a speaker may have with any corporate organization will be made known prior to the individual presentations.

Registration

Advanced registration is encouraged. The conference registration fee includes tuition, syllabus, electronic program materials, breakfast, refreshment breaks, lunch and access to exhibit area. For more information and to register please go to <http://winshipcancer.emory.edu/events>. For questions email psnicho@emory.edu or call 404-788-2218.

To pay by check, register online and make check payable to Winship Cancer Institute and reference 2012 Sindab Symposium. Mail checks to Trish Campbell, 1365 Clifton Road, C-4014N, Atlanta, Georgia 30322.

Tuition

\$50 - Physician
\$25 - Nurse and Mid-Level Providers
Complimentary - Fellows, Residents, and Students

Course Location and Lodging

Atlanta Marriott Buckhead Hotel & Conference Center

Agenda

7:30-8:00am	Registration and Breakfast	
8:00-8:10am	Opening Remarks	
8:10-8:40am	Systemic Therapy for TNBC*	Virginia Kaklamani, MD
8:40-9:10am	Optimizing Treatment of TNBC in BRCA Mutation Carriers	Melinda Telli, MD
9:10-9:40am	Pathology of TNBC	Amy Adams, MD
9:40-10:10am	Risk Factors for TNBC	Victoria Seewauldt, MD
10:10-10:25am	REFRESHMENT BREAK	
10:25-10:55am	Novel Therapies for Metastatic TNBC	Ruth O'Regan, MD
10:55-11:25am	Radiologic Features of TNBC	Mary Newell, MD
11:25-11:55am	Q&A Panel Session	
11:55am-12:30pm	LUNCH	
12:30-1:00pm	KEYNOTE PRESENTATION Local Regional Management Issues in the TNBC Patient	Bruce Haffty, MD
1:00-1:30pm	The Wnt Pathway in TNBC	Carlos Moreno, PhD
1:30-2:00pm	IGFIR Signaling in TNBC	Latonia Talioferro-Smith, PhD
2:00-2:15pm	REFRESHMENT BREAK	
2:15-2:45pm	DNA Repair in TNBC	David Yu, MD
2:45-3:15pm	The Impact of Cancer Treatment on the Life Quality of Breast Cancer Survivors	Mylin Torres, MD
3:15-3:45pm	REST in Breast Cancer	
3:45-4:15pm	Q&A Panel Session	Avtar Roopra, PhD

* = Triple-Negative Breast Cancer
